# Explosive Game

## Description

Explosion Boy is an Action Platformer. Where you play a demolition/adventurer; whose goal is to collect gems. There seem to be something wrong with these gems. These gems teleport you to different places! There is 100% something evil behind it… could it be an evil monster?

As an Adventure, you must collect these gems! As a demolition, you must explode things!

## Key features

- ❏ Travel using Explosions: *Blast your way to the top and uses bombs to help you move around in the world*
